Technical Education Quality Improvement Program –
II (TEQIP-II)

Organized By
Department of Library & Information Centre
Nitte Meenakshi Institute of Technology
Yelahanka, Bangalore

ABOUT THE INSTITUTE

NitteMeenakshi Institute of Technology (NMIT) is one of the institutions run by the **Nitte Education Trust**, Mangalore, which is dedicated to offering quality education, starting from primary to higher and professional levels. NMIT with its founding vision and mission of imparting state-of-art technical education that would enable the youth to compete and deliver in the global world and market scenarios has built high reputation and attained autonomous status within a very short time of its inception. The institute with equal focus on academics and research is offering 7UG and 10 PG courses in Engineering, 10 R&D Centres& 5 Centres of Excellence under VTU. NMIT has research centers recognized by various universities, industries and research organizations. It has established close working relationship with government research establishments such as **IISc, ISRO, CMTI** and **DRDO**.

ABOUT THE LIBRARY

The Library & Information Center of NMIT(NitteMeenakshi Institute of Technology) is housed in a spacious area of about 1300 sqMtrs. The Library has a comprehensive collection of Books, Periodicals, Audio / Video CD-ROMs, E-Resources in Engineering, Basic Sciences, Management and General subjects to cater to the needs of Faculty members, Research Scholars, Staff and Students.

The intent of the NMIT Library is to support and enhance the learning, teaching, research, and service activities of the institution by providing organized access to quality information. The collection of the Library comprises of recommended books for courses, subscribed Print and Online journals and E-Book Databases Links to various Subject Gateways.

Subscribed E-resources are IP authenticated and can be accessed throughout the campus. The stack room is housed in the ground floor and reference section in the first floor. NMIT has a separate MBA Library. Every Department has its own Departmental Library. The library has a seating capacity for 300 people. The Library has a collection of 43,000+ books in various disciplines.

The collection is organized using DDC (Dewey Decimal Classification) 22/e. NMIT subscribes to 100+ print journals and several on-line journal packages. NMIT Library & constituent Libraries are fully automated using KOHA Library Management Software and Library activities are completely automated. All transactions takes place through bar-coded technology.

Objective of the Workshop

- -To introduce open source Integrated Library Software.
- -Make participant self-reliant with the respect installation, Configuration and running KOHA with Confidence

About the Workshop

KOHA is the world's first free open source ILS Software. It is fully featured scalable library integrated software. It is used worldwide by public, Academic & Special Libraries. It is web based with a SQL database preferably MySql as Back end. Perl is used for front end. Cataloguing data is stored in MARC 21 format. It is accessible via Z39.50 or Search and Retrieve via URL(SRU). The user interface is very much configurable and adaptable. The software supports Web 2.0 facilities like tagging, commenting social sharing and RSS Feeds. It has ability to cope with any number of branches, Patrons, Patron Categories, item Categories, item Currencies and Other data. It has free support systems like Documentation, Mailing Lists and Internet Relay Chatting (IRC) Libraries are free to support the product in-house or can get help from a support company.

Workshop Contents

- Case Studies on KOHA
- Instillation of Ubuntu 15.04
- Installation of KOHA 3.22 the current stable version
- Configuration of KOHA and customization of interface
