

NMIT / Aca / 2020 – 21 / 96618

Date: 18.11.2020

CIRCULAR

As per the notifications from the Government of Karnataka and VTU, the college will reopen from 23rd November 2020 for the conduction of Physical laboratory classes for VII semester BE students and postgraduate students. It is required for the students to appear for laboratory classes physically. Those students who do not attend the laboratory classes physically will not be permitted to take Semester End Laboratory Examination. Further, they will have to register for the supplementary semester for the completion of these laboratory courses as per the academic calendar.

Students who wish to attend physical laboratory classes must follow the following norms:

- They must bring the COVID test report showing negative results.
- Consent letter of the parents permitting their wards to attend physical classes on campus.
- Wearing a mask is mandatory and should keep handy sanitizer for preventive measure.
- Students should maintain the social distance and follow the SOP as per the Government guidelines.
- Students should attend laboratory classes in the allotted batches as per the time table only.

The department will notify the laboratory batches and timetable in dhi portal.
