About the University

Visvesvaraya Technological University (VTU) is one of the largest Technological universities in India with 20 years of tradition and excellence in Engineering and Technical Education, Research and Innovations. It came into existence in the year 1998 to cater the needs of Indian Industries for trained technical manpower with practical experience and sound theoretical knowledge. VTU has more than 220 affiliated colleges, constituent college and more than 15 autonomous colleges with undergraduate courses in 35 disciplines. Postgraduate program in 94 disciplines and Ph.D and M.sc (Engg.) by research programs in 592 departments. Over 4 lakh Engineering students study in various institutes affiliated to the University. VTU has 13 Quality Improvement Programme (QIP) centers in various affiliated colleges and 16 extension centers for offering Postgraduate programs

About the Institution

Nitte Meenakshi Institute of Technology, popularly known as NMIT is a unit of Nitte Education Trust established in the year 2001 in Bengaluru, Kamataka. NMIT is an Autonomous Institution affiliated to Visvesvaraya Technological University (VTU), Belagavi, approved by University Grants Commission (UGC) & recognized by All India Council for Technical Education (AICTE), New Delhi. NMIT has been accredited by National Assessment and Accreditation Council with Grade 'A' and several of its programmes are accredited by National Board of Accreditation (NBA) Under Tier-I which ensures high quality outcome based education. The institute offers several undergraduate, post graduate & research programs in Engineering, National Institutional Ranking Framework (NIRF), Ministry of MHRD, Govt of India has conferred all India rank of 142 to NMIT. NMIT is the only unaided private engineering college in Karnataka State to be selected by the Govt. of India for World Bank Funding under TEQIP Phase II-Subcomponent 1.1 in the year 2011. NMIT

has a strong focus on excellence in education, research and promotion of Innovation and entrepreneurship. NMIT has established several state of the art multi-disciplinary research centres

About the Department

The Department of Mechanical Engineering was established in the year 2002 at NMIT. The Department offers Bachelors of Mechanical Engineering (BE) and Master of Technology programmes with industry relevant curricula. As a recognized research centre under Visvesvaraya Technological University (VTU), the department also offers research programmes for the award of Msc (Engg) & Ph.D Degrees. The Department has been accredited by the National Board of Accreditation (NBA) under Tier-I leading to quality outcome based education. The department has excellent industry institute interaction and has established several state of the art laboratories in association with the Industries. Some of the thrust areas of research of the Department include: Computational Fluid Dynamics, Design Engineering & Process Simulation, Robotics, Advance Material Characterization etc. Many research oriented projects sponsored by external funding agencies such as NRB, VTU, DST, IEDC, KSCST etc are being undertaken in the department. The faculty & students in the department are actively involved in research & have published their findings in peer reviewed national & international conferences & Journals

Objectives of the Program

- To provide information about hydraulic systems to the participants
- To develop the technical skill of the participants in the field of hydraulic systems.
- To provide a platform for the participants to understand the concepts of hydraulics practically.

Methodology

Extensive theoretical and practical concepts on technology through

- Audio Visuals with multimedia presentation
- Case Studies
- Hands-on Sessions
- Real-life applications.

Eligibility and Registration Fee

Regular students from VTU affiliated colleges are eligible. There is no registration fee as it is sponsored by VTU-TEQIP 1.3.
